SAFE & EASY INSTALLATION

- 1** Lay the strap over a tree branch.
- 2** Pull the end with the carabiner through the loop.
Tighten the straps by pulling down firmly, until the loop holds tight.
- 3** You can shorten the strap by looping it around the branch twice or more.
- 4** Now you can safely attach your swing or hammock with the carabiner.

Updated 2018 Version!

With steel reinforced D-rings
will make your swing even more durable

SAFE & EASY INSTALLATION

- 1 Lay the strap over a tree branch.
- 2 Pull the D-ring end through the other end's ring. Tighten the straps by pulling down firmly.
- 3 To make the strap shorter, loop the strap twice over the tree branch.
- 4 Now you can safely attach the swing to the D-ring with the carabiner.
